New Frontiers In Marine Tourism Advances In Tourism Research
New Frontiers In Marine Tourism

1. Introduction. Coral reef related tourism is an important and still fast-growing industry, providing employment and income to over 100 jurisdictions world-wide, and often generating much-needed foreign earnings. Coastal tourism in the vicinity of coral reefs is not always benign: negative impacts can include degradation and loss of marine life through activities such as diving and...

Tourism is the largest economic industry in the Maldives, as it plays an important role in earning foreign exchange revenues and generating employment in the tertiary sector of the country. The archipelago of the Maldives is the main source of attraction to many tourists visiting the island country.

Tourism in the Maldives - Wikipedia

Scotland is a well-developed tourist destination, with tourism generally being responsible for sustaining 200,000 jobs mainly in the service sector, with tourist spending averaging at £4bn per year. In 2013, for example, UK visitors made 18.5 million visits to Scotland, staying 64.5 million nights and spending £3.7bn. In contrast, overseas residents made 1.58 million visits to Scotland...

Call for Abstract - IAS Rome 2019

Environmentalists have long denounced plastic as a long-lasting pollutant that does not fully break down, in other terms, not biodegradable. In 2004, a study lead by Dr Richard Thompson at the University of Plymouth, UK, reported finding great amount of plastic particles on beaches and waters in Europe, the Americas, Australia, Africa and Antarctica.

Plastic Pollution
